- *As I mentioned before, I worked at the field for several years among the local people.*
- Provide suggestions and take initiatives for establishment useful and sustainable communication networks among the key watershed agencies of the project countries;
  - *I am good at web pages and reports and also good at social media.*
  - *I am hoping to manage to invite key watershed agencies and officials to gather.*
- Participate the trainings in Turkey and provide practical training to concerned participants on awareness creation and interest raising for participatory integrated watershed projects;
  - *I am able to attend the training program organized in Turkey and in the other project countries.*
- Assist preparation/elaboration of awareness creation materials (CDs, brochures etc.) and programmes/campaigns in the project countries;
  - *I like writing. So far I have prepared several reports, brochures and campaigns both in Turkish and English.*
- Work closely with the other TCDC experts and national consultants for the planning and contacting of the participatory integrated watershed management trainings;
  - *I am so happy with the other proposed experts and also the official from FAO SEC and FAO HQ. I believe we will work very closely and effectively.*
- Conduct other tasks as required that are within sphere of competence;
  - *With my pleasure.*
- Prepare and submit a report on *“The role of training and awareness creation for development of watershed rehabilitation and management: Turkish experiences and recommendations for the Central Asian countries”*.
