The Headquarter  
of the Chamber of  
Forest Engineer  
Ankara/Turkey

# Members of OMO

- OMO is the legal representative of three different professional groups as follows:
  - Forest Engineers,
  - Forest Industrial Engineers,
  - and Woodworking Industrial Engineers.
- A large number of its members work in forestry related departments of the Ministry of Agriculture and Forestry.
- These Institutes are as follows;
  - a) General Directorate of Forests,
  - b) General Directorate of Nature Conservation and National Parks,
  - c) General Directorate of Combating Desertification and Erosion.
- In addition, there are members working in public institutions such as General Directorate of State Hydraulic Works and General Directorate of Highways.
- On the other hand, there are members working in their own workplace and working in private sector companies. There are 800 offices and companies registered to OMO and continuing their business life.
