Deputy Director General of the
General Directorate of Combatting
Desertification and Erosion,
Ismail Belen.

INVITATION!
Dear Ismail Belen!

We are sending you this invitation to participate in the seminar "The restoration and adaptation of the mountain forests of Central and North-East Asia" which will be held in Bishkek, Kyrgyz Republic from October 19-22, 2015. The purpose of the seminar is an open table discussion regarding of freely obtainable exchange in information on forest ecology in Central and North-East Asia, with the emphasis on mountain forests. Special focus will be in the recreation of the major forest types, methods of forest management activities and the effects of natural and anthropogenic events on different types of the forest.

Forest Research Institute NAS KR, International Union of Forest Research Organizations (IUFRO), the Korean Forest Service expresses deep respect and gratitude inviting you to participate in this seminar.
