

ACCADEMIA NAZIONALE DEI LINCEI

IL PRESIDENTE

Dr. Ismail. Belen
Chair of the UN Forum on Forests Bureau
ismailbelen52@gmail.com

Dear Dr. Belen,

I am very pleased to invite you, on behalf of the organising institutions, to participate in and present your views at the G7 Special event "Forests for the World" to be held in Rome at the Accademia Nazionale dei Lincei on October 15-16, 2024. Please find, attached the provisional program. Travel expenses and accommodation will be covered by the Academy of Lincei.

Organized under the High Patronage of the President of the Italian Republic and the Patronage of the Italian Ministry of Agriculture, Food Sovereignty and Forests, the event aims to give new impetus to the urgent issues relating to our forests. With the participation of also political, institutional and scientific representatives, we hope to strengthen the attention of the G7 member countries, the international community and the private economic sector to the serious measures that are needed for the wood and forest conservation and protection, and to the importance of silviculture for sustainable forest management worldwide.

We would be grateful if you could accept our invitation to participate in the opening session and provide your considerations on the urgent actions needed to safeguard the world's forests.

In the hope to have the pleasure of meeting you at the Academy, please accept my best regards.

Roberto Antonelli
